

# 12<sup>th</sup> Annual International Conference on Technology & Engineering 21-24 July 2025, Athens, Greece

# ATINER

## Call for Papers

The aim of the conference is to bring together academics and researchers from all areas of engineering, including chemical and biomolecular engineering, civil engineering, computer engineering, electrical engineering, mechanical engineering, mining and metallurgical engineering, rural and surveying engineering, and interdisciplinary areas such as aerospace engineering, agricultural engineering, applied engineering, biological engineering, biomedical engineering, building engineering, geotechnical engineering, energy (petroleum) engineering, hydraulic and maritime engineering, manufacturing engineering, industrial engineering, nuclear engineering, and railway engineering. You may participate as stream leader, presenter of one paper, chair of a session or observer. Consistent with the theme of ATINER's small academic events, all programs may include a few sessions on current topics in education and research.
